

## Product name : Adjustable magnetic v-pads (kit) MVDF-44

### PERFORMANCE PARAMETERS

Manufacturer	Stronghandtools
Length	80 [mm]
Width	40 [mm]
Height	20 [mm]
Magnet type	Neodymium
Maximal hoisting capacity	8 [kg]
Set	4
Maximum working temperature	≤ 80 °[C]
handling mode	ręczny
Number of axis to attach details	2
Weight	360 [g]

Multifunctional adjustable magnetic v-pads can be used for fixing the workpieces during welding as well as other operations in which ferromagnetic materials can be used. Thanks to the movable magnetic holding elements they perfectly adapt to the surface of the workpiece. There is an opening in the case that enable to mount it directly. The kit includes two larger and two smaller magnetic v-pads.
